Welcome to Term 3.

The start of a new semester marks the start of some timetable adjustments, the start of new topics of study, the revisiting and mastery of old skills and the introduction of new skills and concepts.

There are Yr. 6-7 & Yr. 8-10 **Camps (Week 6)**, **Science Week** later in the term (**Week 10**), visiting performances (Monster Music Mix **Wk. 5**, Little Red Riding Hood **Wk. 7**) including the Schools Ministry Group (**Wk. 6**), a day of Indigenous Culture funded by Reconciliation SA grant money (in planning with Graham Johncock), a **Pupil-Free Day** so teachers can further their Professional Learning (**Mon 20/8**), Cleve Field Days (**School closed Wed 15/9**).

Add to that, the value-added provisions that some of our staff make. I call them 'Little Pots of Gold.' **HW Club**, in the Library, after school on **Mondays** that Mrs. Adams and Mrs. Zacher supervise, is one of them. **Guitar Club** that meets at lunchtimes on **Thursdays** with Ms Sampson and Mrs. Adams is another. And now Mrs. Bedding is conducting **Sewing Classes** in the Home Ec centre after school on **Wednesdays**. All of these are positive elements that we shouldn't take for granted, but there is no doubt, they help our school thrive and grow.

3-way **Parent-Teacher-Student interviews** will also be held at the **end of term**. This enables students to showcase some of their great learning so far, to focus on their strengths, increases their ownership, provide an opportunity for us to set goals together and a time to celebrate the successes of the year to date – it is indeed an exciting time!

Mrs. Grace will be providing her specialty teaching in The Arts, Health PE, Design/Tech & Science across the R-5 years on Monday-Tuesday & Thursday-Friday. (Not here Wednesday.)

I would also like to extend a special welcome to Mr. Rogers who will be joining our staff team. With Mr. Pojer's departure, the Tech Studies program has reached its end point for 2018, and Mr. Rogers will be here to provide teaching and learning across The Arts curriculum area for our Yr. 6-10 students on Thursdays.

Thank you to all the parents who completed the Parent survey (end of Semester 1). We take your voice very seriously, and staff have entered into reviewing and discussing your feedback already. The Governing Council will also be invited to review and respond so that we can move things forward on the basis of parent voice (**Next GC meeting is Mon 6th August**).

School Newsletters are a beautiful way to communicate to the local community, and in response to community feedback we are encouraged to really showcase some of the great learning at the school. Consequently, we aim to provide more examples of students' work, photos, student voice etc. through the School Newsletter. The Yr. 6/7 class have put their hand up for **next week's contribution**: something to look forward to!

Have a great week. Together, let's ignite the spark, be our best, and let's prepare for a wonderful term ahead.

Kind Regards,

Peter

This project was funded under the Natural Disaster Resilience Program by the South Australian State Government and the Commonwealth Department of Home Affairs. Views and findings associated with this project are expressed independently and do not necessarily represent the views of State and Commonwealth funding bodies.

All emergencies, from bushfires and storms, to industrial accidents or loss of critical infrastructure, cause disruption. More often than not, it's the people living with existing challenges who are hardest hit by emergencies and have the longest journey to recovery.

Experience tell us that community service organisations—organisations who support people to lead independent and fulfilling lives – make major contributions to how our communities prepare for, respond to and recover from emergencies.

Red Cross is facilitating this important workshop in partnership with the CFS, MFS, SAPOL and SES, and your local Councils, with the goals of:

- Improving how organisations prepare for emergencies
- Identifying opportunities to build resilience of clients and customers
- Strengthening collaboration between community service and emergency management organisations.

THANK YOU

THANK YOU to all who supported our annual Women' & Children's Hospital trading table at the Karkoo football match. To those who donated goods and to the customers – your generosity saw \$561.00 raised to assist our children who need to use this facility. ULFC life member Mr Cliff Proctor drew the raffle with first prize (baby rug) Ian Kelly, second prize Carlier Arbon (Tupperware) and third prize Emily Arbon (cake). Thank you Mr Proctor and thank you to those who donated prizes. Once again our sincere thanks for your whole hearted support of our annual event. Friends of the W & C H committee.
