ELLISTON CRICKET

My favourite part of Lock vs Elliston cricket was hanging out with friends and new friends that I made. I batted with Annie, it was fun. Annie and I made four runs. Our team didn't win but it's okay because at least I got out there and had a go. Bailee Gray

It was cold and windy. I loved it. I had so much fun getting wickets and runs with my Elliston friends. I made 10 runs with my batting pair. I got 1 bowled out. Our team had a good side but not for the opposing team. Cameron Glover

We went to Elliston to play cricket. We got to Elliston at about 9.45. When we started playing it was raining. I loved how we batted with an Elliston person and the Elliston person batted with a Lock person. It was really cold and it was raining. It was a really good day. (The weather wasn't too good though). Tait Hetzel

The best part of cricket was when I met a new friend and we batted together. It was awesome, we got 8 runs it was awesome. The best part of cricket was when we did it in the rain. I got so wet. It was cool. Like it was awesome it was the best cricket ever and I hope we have another cricket match with Elliston again. Lochie Durdin

The day was great at Elliston (little bit of rain). The main highlight was when the last 4 overs the opposing team was 3 runs behind but suddenly we got 7 wickets (1 wicket = 5 runs) and won the match. Sadly, it was mix Lock and Elliston (we had a boy's and a girl's team). Then we came back to Lock. Hudson Mellor

CHAMPIONS ACADEMY

Something that I enjoyed about Champions Academy was that we did heaps of games and dancing.

Something that challenged me was talking in front of my group. My highlight of the day was when we played the country game where we had to trade stuff for money (paper clips) to make money. We had to make envelopes. My table won. From now on I will know how to use my money and not spend it on unnecessary stuff. Kurt Hetzel

Champions Academy was awesome! Something I enjoyed about Champions Academy was being able to make new friends and seeing new people. I made a friend. His name is Ollie he is in year 5 to. At Champions Academy it taught us that in the future we could be running our own companies. At the start we did "the Git Up" dance, I had to dance with Ollie. We talked about how money makes us feel and how we like to spend it. Later on we had to make a tower made out of spaghetti that would hold a marshmallow on top. The last part we had to think about an electronic creation that had to include a cow. Out of the whole day we got a water bottle, cap, mini ruler, rubber, sunnies, top, a note pad and a pen. Lily Saler

We went to Kimba and got to the Kimba Tigers home ground where the Champions Academy was held. Champions Academy was really fun because you sat at a table with people you don't know. My highlight of the day was when we had to stick a skewer through the bottom of a balloon and then through the top without the balloon popping. I got it through the bottom and then it popped when I tried to push it through the top. From now on I will always try to help my town. Example: save cats from trees. Tait Hetzel

I enjoyed making the marshmallow tower because we get to use dry pasta and a marshmallow. The Champions academy was good because we got to learn about where our money goes and how important it is. It challenged me because the skewer going through the balloon might pop, but some got it through. My highlights of the day. My highlights of the day, was the marshmallow tower and the skewer through the balloon. From now on I will watch where my money goes and get that skewer through the balloon. The Champions Academy was so fun. We met new friends from around the area. Georgia Kay

Assumptions

Have you ever fallen into the trap of making unfair assumptions? Here are some quotes to make you think:

"When you assume, you make an ass out of u and me."
Oscar Wilde (Writer)

"To assume is to limit the mind to one way of viewing,
when by nature our perceptions should be infinite."
Zarah Ang

"Making assumptions simply means believing things are
a certain way with little or no evidence that shows you
are correct, and you can see at once how this can lead to
terrible trouble." *Lemony Snicket (Pen name of Writer
Daniel Handler)*

"Assumptions are the termites of relationships." *Henry
Winkler (Actor, Director)*

"Begin challenging your own assumptions. Your
assumptions are your windows on the world. Scrub
them off every once in while or the light won't come in."
Alan Alda (Actor, Director)

"In the absence of information, we jump to the worst
conclusions." *Myra Kassim (Lawyer, Solicitor)*

"Don't make assumptions. Find the courage to ask
questions and to express what you really
want. Communicate with others as clearly as you can to
avoid misunderstandings, sadness and drama. With just
this one agreement, you can completely transform your
life."
